SUBJECT: **PARLIAMENT ISSUES**

Per our meeting last week, I have attached the Parliament Party Zone Sweepstakes rules for New York. Please proceed with securing the Bond for the New York/Philadelphia markets. Also, following up on the now 'infamous' sunglasses, I need to forward the name of the patent holder to GMR. Once this is done, GMR can handle directly.

Additionally, we need to discuss the reimbursement issue. I have a call into the Herb Sardinia, Florida sales office, (he handles retail accounts) requesting a list or retail locations in the area. Hopefully, he can also give me some direction on the reimbursement issue. Please let me know when it would be convenient to further discuss and resolve these issues.

Thanks.
